

CONSTRUCTION CARPENTRY

2018-2019

Construction Carpentry provides students with the skills in rough and finish carpentry construction. Students develop the concepts, knowledge, and skills required for successful employment in the construction trades.

Program Highlights:

- Work in all aspects of construction including estimating, framing, roofing, and interior finishing
- Plan, manage, and complete commercial, residential, and community projects
- Operate a wide range of power tools and professional equipment

The Program Focuses on the Following State Approved Courses:

- Construction Technology – Core and Sustainable Construction
- Structural Systems
- Structural Coverings and Finishes
- Fundamentals of Architecture and Construction

COST-FREE COLLEGE CREDIT OPPORTUNITIES

College Credit Plus through Owens Community College

- SKT 145: Building Print Reading (2 Credit Hours)
