

DIGITAL VIDEO PRODUCTION

2018-2019

Digital Video Production introduces the skills needed to enter the broadcast and production industries and covers the technical aspects of television and radio. It includes sound engineering and lighting technologies for the various forms of production including traditional studio and remote location work.

Program Highlights:

- Develop, produce and deliver unique video and audio projects for TV and commercial broadcast from concept to completion
- Work individually and in teams to create dynamic films, documentaries, music videos, sportscasts, and newscasts
- Utilize creative and artistic talents using professional equipment and media to exceed client expectations

The Program Focuses on the Following State Approved Courses:

- Video Production
- Business of Arts and Communications
- Video Broadcast
- Media Arts Writing

COST-FREE COLLEGE CREDIT OPPORTUNITIES

College Credit Plus through Owens Community College

- CRT 105: Micro Concepts & Apps for Mac (1 Credit Hour)
