

Harassment Reports Filed 2018-2019 School Year

The Penta Career Center Board of Education encourages the promotion of positive interpersonal relationships between members of the school community. Harassment/bullying is defined as any intentional written, verbal, or physical act that a student has exhibited toward another particular student more than once and the behavior causes both:

- **mental or physical harm to the student;**
- **severe, persistent, or pervasive that creates an intimidating, threatening, or abusive educational environment for the other student.**

Further information regarding Penta's harassment policy and reporting procedures can be found on pages 30-34 in the Student/Parent Handbook also posted on this website. Any questions regarding the harassment policy can be directed to the Supervisor of the Student Affairs Office.

Ohio Revised Code (3319.321) requires that the Penta Career Center administration semiannually provide the president of the district board a written summary of all reported incidents and post the summary on its web site, if the district has a web site.

During the first semester of the 2018-2019 school year, Penta Career Center had five (5) incidences of harassment/bullying that would meet the definition by law.
