

MEDICAL OFFICE MANAGEMENT

2018-2019

Medical Office Management students learn the skills necessary to further their education or begin careers in a medical office environment. Upon successful completion of the program, students are prepared to work in entry-level positions in medical offices.

Program Highlights:

- Provide high quality customer service, as part of a professional team, in a wide range of environments such as hospitals, doctor offices and health insurance facilities
- Integrate ethical standards, confidentiality and professionalism when interacting with patients, clients and employers
- Experience software applications, computer technology and simulations from initial consultation to final billing

The Program Focuses on the Following State Approved Courses:

- Fundamentals of Business and Administrative Services
- Medical Office Management
- Office Management
- Medical Terminology for Business
