

EXERCISE SCIENCE & SPORTS MEDICINE

2020-2021

Exercise Science & Sports Medicine is designed to provide students with an introduction to the area of fitness training, athletic training, and therapeutic careers. Students will be prepared to work as a rehabilitation aide, or move on to college for further study of athletic training, strength and conditioning, physical therapy, or occupational therapy.

Program Highlights:

- Explore a wide range of career options related to personal/group fitness, athletic training, and physical and occupational therapy
- Assess an individual's overall fitness, endurance and nutritional status to develop a personal improvement plan
- Use professional equipment and techniques to assist with injury prevention and rehabilitation

The Program Focuses on the Following State Approved Courses:

- Nutrition and Wellness
- Fitness Evaluation and Assessment
- Medical Terminology
- Exercise and Athletic Training
- Athletic Injuries and Prevention

COST-FREE COLLEGE CREDIT OPPORTUNITIES
