

EARLY CHILDHOOD EDUCATION

2022-2023

Early Childhood Education provides students with hands-on experience working with children from birth to school age where they gain knowledge of teaching strategies, developmentally appropriate practice, and state content standards. Students participate in actual field experiences in our on-campus early learning center, local child care centers, special education facilities, and elementary classrooms.

Program Highlights:

- Experience the excitement of working with preschoolers and infants in an onsite, state licensed early learning center while earning CDA certification
- Influence the future of children by shaping their intellectual, social, emotional, and physical development through dynamic teaching strategies
- Create, research and provide developmentally appropriate learning materials and activities for children from birth to 5-year-olds

The Program Focuses on the Following State Approved Courses:

- Infant and Toddler Education
- Early Childhood Education Principles
- Health, Safety and Nutrition
- Early Childhood Education Language and Literacy
