

HORTICULTURE-FLORAL & GREENHOUSE SERVICES

Level 1 2023-2024

Horticulture - Floral & Greenhouse Services (Level 1) is designed for students who are creative, like to work with their hands, enjoy working with people, like to work with plants and flowers, and desire a variety of learning experiences. Students become proficient in areas such as: the care and handling of fresh, live, and dried flowers; floral arranging; greenhouse management; plant growth; soils; and customer service in a retail setting.

Program Highlights:

- Express creativity and artistic talent to develop floral designs for all types of special events and occasions
- Operate a full-service retail floral shop, providing hands-on experience in floral design, sales and merchandising
- Grow specialized flowering, potted and bedding plants in a modern, high-tech greenhouse

The Program Focuses on the Following State Approved Courses:

- Floral Design and Marketing
- Greenhouse and Nursery Management
- Business Management for Agricultural and Environmental Systems
- Landscape Systems Management
