MEDICAL TECHNOLOGIES

Level 1 2023-2024

Medical Technologies (Level 1) students learn basic skills in patient care including feeding, bathing, personal hygiene and moving patients. Students in this program will take classes to prepare them for various health careers.

Program Highlights:
- Learn the foundations of basic healthcare
- Work safely in the dietary department, learning feeding techniques and serving nutritious food for special diets
- Learn to communicate effectively and work as a team member
- Prepares students to sit for the State Tested Nurse Assistant (STNA) certification

The Program Focuses on the Following State Approved Courses:
- Principles of Allied Health
- Nutrition and Wellness
- Medical Terminology
- Patient Centered Care
