# PHLEBOTOMY

Located in Everett W. Harris Administrative & Educational Complex  
6924 Spring Valley Drive

## Registered Phlebotomy Technicians make a difference every day!

Phlebotomy technicians are critical team members in hospitals, diagnostic laboratories and blood donor centers. As new types of tests are developed and laboratory tech positions grow, it's an especially exciting time to begin a career in this thriving field. Some tasks Phlebotomy technicians may perform include:

- Drawing blood from patients and blood donors
- Evaluating patients' ability to withstand the procedure and helping them feel comfortable
- Explaining blood-drawing procedure to patients and answering questions
- Performing basic point-of-care testing, such as reading blood glucose levels
- Preparing blood, urine and other specimens for testing
- Maintaining medical equipment such as needles, test tubes and blood vials

### Credentials

- Students will take the Certified Phlebotomy Technician (CPT) exam to obtain the credential.
- Bleeding Control Basic Course 1.0
- CPR First Aid

### Eligibility

- Any student who attends a Penta Career Center member school
- Senior-Only Program
- Students 17-18 years of age
- 1/2 day program with academics at member school
- Students interested in health care as a career pathway
- Students desiring a skillset in health care to increase earning potential
